

MBTA Charlie Mask

1. Pick your size: the large one or the small one.

If you want to cover your whole face, you need a left side and a right side.

2. Print them out.

3. Cut them out. Don't forget the eye-holes! You may need to enlarge them.

4. Stick the parts together with tape.

5. Add some string to keep it on.

6. Enjoy frightening everyone around you.
